## **3<sup>rd</sup> International Neuro-Oncology Workshop & Symposium, 11<sup>th</sup> October 2015** **At the 47th Congress of the International Society of Paediatric Oncology, SIOP 2015** **Cape Town, South Africa**

### **Welcome**

It is our distinct pleasure to extend to you a warm welcome to the First African International Paediatric Neuro-oncological Surgery Workshop & Symposium, organised along the 47th Congress of the International Society of Paediatric Oncology (SIOP 2015) which will take place in **Cape Town**, South Africa, from 8-11 October, 2015. This unique one-day workshop is jointly organised by the South-African Oncology, the SIOP-E Brain Tumour Group (SIOP-E BTG), the International Society of Paediatric Neurosurgery (ISPN), and the Paediatric Neurosurgery Committee of the World Federation of Neurological Societies (WFNS).

This workshop is the product of an on-going international collaboration between these societies. This educational event aims to deliver advanced topical neuro-oncology updates and practical case discussions with a panel of world class teachers. The Workshop and symposium are suited to residents, practising neurosurgeons, neuro-oncologists, radiotherapists and allied specialities. Previous courses were held at SIOP 2013 in Hong Kong, at the ISPN meeting 2014 in Rio de Janeiro.

**The number of places for the workshop are limited to 40.** A faculty of about 15 world class International neurosurgeons, neuro-oncologists and neuro-radiotherapists has been brought together for this unique course to deliver the cutting edge in neuro-oncology, through best current practices on oncological management of brain tumours and cadaveric hands-on-workshops on surgical techniques. The location is at the beautiful city of Cape Town!

On behalf of the Organizing Committee, we look forward to welcoming you to the 3<sup>rd</sup> International Paediatric Neuro-Oncology Workshop and Education Day and wish you a most educational and pleasant time in Cape Town!

With very best wishes,

**Anthony Figaji**
