

Join the SIOP Pediatric Oncology in Developing Countries (PODC) Cancer Control Workshop on **11 October 2015 from 08:00 to noon**.

Workshop Topic: **Empowering Pediatric Cancer Control Planning and Implementation**

Please register for the workshop by clicking here <http://goo.gl/forms/4UKkvv3ueQ> and let us know a bit about you so we can prepare adequately.

Workshop made possible by kind donor support. Keynote address by UICC President Dr. Tezer Kutluk, and gracious representatives from international, national and regional leaders in cancer control planning. Focus will be on cancer control in resource-limited settings, however, participants from all regions are welcomed. Please feel free to bring a copy of your country's cancer control plan to the workshop.
